EDUCATION

- Anurag University** Hyderabad, India
Bachelor of Technology - Computer Science and Engineering; CGPA: 8.67 November 2020 - July 2024
- Fiitjee Junior College** Hyderabad, India
Percentage: 88.3% June 2018 - March 2020
- Johnson Grammar School (ICSE)** Hyderabad, India
Percentage : 89% March 2005 - May 2018

SKILLS SUMMARY

- Languages:** Python, C, Java, HTML, CSS, R
- Course Work:** Data Structures, Object Oriented Programming, MySQL, Machine Learning
- Platforms and Tools:** Tableau, Colab, Latex Beamer, Orange, Terminal, MS Office, Git, Medium, IntelliJ
- Modules:** Pygame, Random, Numpy, Pandas, Matplotlib, Snowball
- Soft Skills:** Leadership, Multi tasking, Time management, Communication, Teamwork, Work ethic

EXPERIENCE

- Scholar of WE Program offered by Talentsprint, supported by Google:** Selected as one of the top 250 girls among 30,000 applicants (and first from university) with 100% scholarship for a two year program which focuses on enhancing technical and corporate skills, along with mentoring sessions from Google. (April 2022 - Present)
- Microsoft Learn Student Ambassador:** As a part of MLSA, a global group of campus leaders who are eager to help, develop technical and career skills, I get to attend several informative sessions along with access to learning material. (April 2023)
- GPT Intern - ADP:** Aced my first campus drive, worked as a full stack developer with WorkMarket, crafted nested SQL queries, developed two Java-based APIs and demonstrated their functionality on the frontend screen, built using JSP. (July 2023 - October 2023)
- Summer Intern - Talentsprint:** Visual programming, created videos for demonstrating real life solutions using machine learning on the Orange platform and deploy as web-app on streamlit. (May 2023 - July 2023)
- Core member of Web Development Club:** I held the position of Vice President - Membership in the Web Development Club. The role was to collaborate and manage events. (August 2022- May 2023)
- Python Development Intern - CodeClause:** Developing projects using Python and its library. (April 2023)
- Data Science Honors:** Pursuing two year honors course in data science in university. (Present)

PROJECTS

- Neural Network from scratch:** Currently understanding the working of perceptron and sigmoid neuron which are the basic components of a neural network. Tech: Python. Platform: Google Colab (Ongoing)
- SMS Spam Detector:** ML algorithms to classify if the message received is spam or ham depending on the dataset. Tech: R. Platform: R Studio (March 2023)
- Fruit Ninja Game Clone:** An interesting single player arcade game in which the player is supposed to slash the airborne fruits like a real ninja and avoid the bombs. Each player has three lives and the score is displayed in the end. Tech: Python. Platform: IDLE (August 2022)

HONORS AND AWARDS

- Scholar at Women Engineers Program offered by Talentsprint, supported by Google - April 2022
- Reached Alpha milestone as Microsoft Learn Student Ambassador - April 2023
- Shortlisted as one of the top 1k teams among 50k participants in Maruti Suzuki XCElerate on Unstop - March 2023
- Selected as one of the top 15 students as mentee in Wadhwani Foundation - March 2022
- Fourth rank in Imprenditore (entrepreneurship competition) at St.Francis College for Women - March 2022
- Third rank in Ideation Contest at university - January 2022
- Second rank in round 1 of VIITOR Coding Competition at Anurag University - December 2021

EXTRA CURRICULAR ACTIVITIES

- Active participant in workshops/hackathons** Hyderabad, India
Taken part in several workshops and hackathons both online and offline. Ongoing
- CSE girls Basketball team captain** Hyderabad, India
Captain during inter department tournament. April 2022
